ATTENDANCE & ABSENCES: North Dakota law has established age requirements for compulsory attendance. In order to comply with and enforce these requirements, the Board establishes the following attendance policy

DEFINITIONS:
For the purposes of this policy:

- **Excused absence** is defined as absence caused by illness, injury, family emergency, religious observance, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed excusable by the building principal or Superintendent. The Superintendent or designee shall develop criteria for requesting and granting an excused absence and shall establish make-up work requirements.

- **Unexcused absence** is defined as an absence that is not excused and/or has not been approved by the [building] principal or Superintendent. Unexcused absences include but are not limited to, being absent from class or a scheduled activity during the school day without a parent's/guardian's consent and appropriate school approval. If a student is absent for an unexcused reason, the parent/guardian shall still be responsible for calling the principal's office to explain the absence.

ACCUMULATED ABSENCE: The Board believes there is an intangible benefit associated with being present in the classroom. Attendance may be a factor used in computing students' grades. Students who are absent may be subject to academic sanctions (which may include, but not be limited to, a point, percentage, loss of credit or grade reduction) and/or intervention counseling in accordance with administrative regulations. The Superintendent or designee shall develop regulations on grade-appropriate academic sanctions and other intervention strategies for absences. These regulations shall contain provisions that allow students to remedy some or all of the adverse academic consequences associated with absences.

Students will be afforded appropriate due process rights based on the severity of disciplinary penalty that the District is considering imposing.

The Superintendent shall develop standards that define what constitutes a violation of the compulsory attendance law. Suspected violations of the compulsory attendance law shall be investigated in accordance with law. When a compulsory attendance violation is substantiated, the District shall comply with reporting requirements under law.

The Williston Public School District 1 recognizes regular attendance is necessary to achieve a consistent educational process. **North Dakota State Law requires all children between the ages of 7 and 16 to be in attendance every day school is in session, with the exception for illness and certain other incapacities.** It is the responsibility of the school administration to monitor student attendance and communicate with students and their parents/guardians to ensure that their children are in school unless a valid reason for absence exists. The parent/guardian must notify the school when their child is absent.

It is the responsibility of every student at Williston Middle School to attend school every day that you are physically able to do so. Our "mission" is to provide the best education possible for Williston Middle School students. Expectations for student attendance remain high. We believe that students will not experience success if they miss important classroom instruction. Thus, it is important that you also place a high priority on school attendance.

Schoolwork missed during an absence shall be made up regardless of the reason for the absence. The effort to make up school work is the responsibility of the student upon returning to school. Family
vacations should not be scheduled during the school year. In the event a student needs to be absent due to a family matter, arrangements must be made in advance with the principal and teachers. The student shall make up the missed work in advance when possible.

As per our District Policy, “if absences/tardies become habitual and the principal is not satisfied that the absences/tardies are excusable, the principal shall file a Report of suspected Child Abuse or Neglect with the Williams County Social Services and the State’s Attorney for appropriate action. **Habitual absences/tardies are defined as 8 or more absences/tardies per each 9-week period.**

**Truancy:** Truancy is defined as being absent from school without the consent of parent/guardian or school officials. When truancy occurs, parents will be notified and the principal may contact police authorities, as the child’s safety is most important. In addition, the principal may contact parents/guardians and appropriate disciplinary action will be taken.

**Note:** Student days in the Choice’s Room and/or Out-of-School Suspension will not be counted as days of absence under this policy. In addition, school sponsored activities, e.g. athletic events, are not counted as days of absence but class work must be made up.

In addition, your student is expected to arrive at school and class on time and to attend all classes as scheduled. **If a student is late for school, you must report to the Main Office and sign-in.**

**1st Period TARDIES:** a student that is tardy will be marked “T” and a time will be noted when they arrive to school. Marking a student Tardy in Power School at the start of the school day will be the responsibility of the Main Office. The Principal shall deal with excessive tardiness 2nd – 8th Period.

**TARDIES:**

Tardies – A tardy is when a student is not in their classroom ready to learn during their regularly scheduled class periods when the bell rings. Example: 1st period begins at 8:00 AM. Students are expected to be in their classroom, ready to learn, before the 8:00 bell.

- Tardy Sweeps – Staff will assist students to their class.

**TO REPORT AN ABSENCE:** Call 701-572-5618. If a parent does not have a phone, it is the parent’s responsibility to properly notify the school that a phone call cannot be made. Special arrangements can be made on a case-by-case basis. Without such notification, the student’s absence will be unexcused and the student may be marked as “Truant.” Williston Middle School keeps track of and records attendance by each school period. Students need to be present in class for half of a period to receive credit for its attendance. Parents will receive notification letters from the principal when their child/children has/have been absent/tardy for 8 and 16 days during each quarter, regardless of the whether absences are excused or unexcused. A student who misses more than 16 days for a quarter and has poor grades may find that promotion to the next grade may be in jeopardy.

Parents are encouraged to make personal or medical appointments for their children before or after school hours. Students may be counted absent or tardy for any personal or medical appointments made during school hours.

**REMEMBER!** Make the call to the school on the day of absence. Do not put your child's grade in jeopardy by forgetting to call. District policy requires that all parents are notified as days absent reach certain limits. In the event that parents do not call the school and/or absences continue, the principal is required to file a report with Williams County Social Services and/or Juvenile Services. It will be the decision of those providers to proceed with a hearing, disciplinary action, etc.

**THE MESSAGE IS CLEAR** – Good attendance results in more responsible behavior, and the fewer problems that could adversely affect one's education.
CELL PHONES / ELECTRONIC DEVICES / TELEPHONES: A public phone is located in the office for student use before and after school (DIAL 9 and then the phone number). Cell Phones – Students are allowed to use cell phones between classes and at lunch as long as they are not disrupting the educational process. WMS reserves the right to search an electronic device if there is reason to suspect that the device contains evidence that the student violated the law or school rules (i.e. using the phone to cheat, threatening or bullying another student, inappropriate photos and/or videos). If a student is caught violating this policy, they will face the following consequences:

Cell phones or other electronic devices shall **not disrupt** the Educational Process!

**CELL PHONE/ELECTRONIC DEVICES VIOLATIONS:**

Cell Phones/Electronic devices are suggested to remain in the student’s locker. Students are allowed to use cell phones and/or electronic devices in the locker bays between classes and in the lunchroom during lunch. Cell phones may be used in the classroom at teacher’s discretion.

1st, 2nd and 3rd offense – Cell phones or other electronic device is taken and held by student services, returned to student at end of day.

4th offense – Cell phone or other electronic device is taken and held by student services, returned to student at end of day. Parent will be contacted and made aware that if their child receives a 5th Violation s/he may not possess any personal electronic device during the school day.

5th offense – Student will be denied the possession or use of any personal electronic device for the remainder of the school year. Students that need to carry an electronic device will “drop-it off” in the office when they first arrive at school and “pick-it up” when the student is leaving for the school day. Violation of this directive will result in disciplinary action in the Choice’s Room.

In the event that any items are brought to school and they are lost or stolen the school cannot be responsible to recover the missing items. It is our recommendation that **ALL** valuables remain at home.

*Possession and/or use of any image-recording device in an area where there is a reasonable expectation of privacy is strictly prohibited and will result in confiscation of the device.

Students in violation of any portion of this policy will be subject to disciplinary procedures and confiscation of the electronic device. If a student’s cell phone or other electronic device is confiscated, the building principal or Superintendent may search the confiscated device in accordance with the district’s searches of student’s policy. If school official(s) suspect that a student possesses or is disseminating an image that potentially violates NDCC 12.1-27.1-03.3 or finds such an image during a search of an electronic device performed in accordance with policy, s/he may report this matter to law enforcement for investigation. Disciplinary action up to and including suspension and/or expulsion may also be taken against any student using an electronic device in a manner that violates another district policy and/or causes substantial disruption to the educational environment.

The Superintendent and/or his/her designee is authorized to make exceptions to the prohibitions set forth in this policy for health, safety or emergency reasons, for students in attendance as active members of a volunteer firefighting organization or volunteer emergency
medical service organization, and when use of electronic devices is provided for in a student’s Individualized Education Program (IEP).

**DRESS CODE:** The Board encourages students to use sound judgment in dress and grooming. While attention seeking devices in dress and grooming are discouraged, students shall not be prevented from attending school or a school-sponsored activity because of appearance if style, fashion, or taste is the sole criterion for such action.

**Prohibitions:**
The District prohibits the following articles of clothing or decoration at school-sponsored functions and/or on school property. Clothing/decoration that:
1. Is reasonably likely to substantially disrupt the educational environment.
2. Poses a health or safety risk.
3. Is destructive to school property and/or causes excessive maintenance problems.
4. Is intended to identify the student as a member of a gang.
5. Promotes illegal activities and/or the use of tobacco or alcohol.

The administration will make reasonable efforts to notify students of these rules. Each building principal shall develop a procedure for handling and disciplining students in violation of these rules.

While the school administration may require students participating in physical education classes to wear certain apparel which meets reasonable health and safety standards as established by the Board, they may not prescribe a specific brand that students must buy.

In addition, there may be required dress for certain activities such as school dances or award programs. These activities are voluntary with students choosing to participate. However, to participate in such activities, certain dress codes may be required. Students and parents will receive ample notification of requirements.

The following are general guidelines:

- If a student is wearing any questionable attire he/she will be called down to the office – if deemed inappropriate, the student will be required to make any necessary changes before they are allowed to go back to class. Administration will have the final say.
- No caps, hats or head gear of any kind are to be worn in the school building unless it is a special occasion.
- Clothing, insignias and jewelry that are specifically intended to identify one as a member of a “gang” is prohibited.
- We promote a healthy lifestyle for our students thus; T-shirts or other attire or pins that advertise or promote alcoholic beverages, smoking, drugs, or profanity are unacceptable at our school. Shirts with disregard for human life are inappropriate.

- No strapless garments – tank top straps should be at least 2 fingertips width. Shirts with cut-outs should not show any undergarments (bra straps).
CHOICE’S PROGRAM: If a student “chooses” to behave inappropriately in the school setting and thus be a disruption to other students’ education/experience, the student may be assigned to the Choice’s Program. During this time the student will be allowed to do his/her schoolwork and eat lunch.

1st Issue - Student will visit with the teacher, behavior will be discussed and logged into Power School – Student will also be aware of the consequences for any future misbehaviors. Parent/guardian will be notified via phone call/email/text message/alert solutions.

is not allowed in certain areas of the school building including the Library Media Center (no suckers/liquids are allowed in the library), Band and Choir, and the Physical Education classrooms. Do not put gum on to lunch trays or under lunch tables and chairs. Teachers have the right to allow or disallow gum chewing in their classroom at any time. We expect students to be responsible in their decisions regarding gum.

**CONCERTS AND PERFORMANCES:**

Concerts and performances are a required part of music class and may count as a project or test grade.

1. If a student is deemed ineligible due to grades they will still be expected to attend any graded performance occurring outside of the school day.
2. Ineligible students will not be allowed to perform at extra performances that do not count towards a class grade (i.e. Festivals, all-state, audition-based performances, etc.), but may be required to attend as an audience member depending on the event.
3. Students on the ineligible list will not be eligible to perform at any event occurring during the school day if that student would be missing any additional classes. In the event that this is a graded performance, an alternate assignment must be completed as determined by the teacher.
4. In the event of an out of school suspension, students will be ineligible to perform at any event occurring the day of the suspension as well as the weekend following (in the case of a Friday suspension). An alternate assignment must be completed in order to make up missed points due to suspension.

**An unexcused absence would result in a “0” with no chance of making up the performance. Excused absences would have a make-up assignment – an excused or unexcused absence will ultimately be determined by the administration.**

**HALLWAY PASSES:**

Students will need to use their lockers, restroom and/or drinking fountain before or after class – Students will not be allowed to leave the classroom once the bell has rung – exceptions will be made for emergencies.

**GENERAL…FACTS YOU NEED TO KNOW**

(Listed in alphabetically)

**ACADEMIC FREEDOM:** Teachers shall abide by the curriculum standards adopted by the Board. They shall only select issues for study that contribute to the attainment of course objectives, are consistent with state standards and the district’s mission, and are appropriate for classroom presentation. Teachers shall determine the appropriateness of a topic based on the following criteria:

1. There are adequate and age-appropriate materials available that will allow students to learn about all sides of an issue.
2. The topic is age-appropriate, considering the emotional, intellectual and social capacities of the class as a whole.

3. Teachers are equipped personally and academically to present the topic objectively, allowing students to formulate their own opinions.

**CONTROVERSIAL TOPICS:** Controversial topics are issues that are often a matter of opinion and are subjects of public dispute, debate or contention. When a topic is of a controversial nature, teachers shall receive administrative approval prior to presenting it in the classroom.

Teachers may offer an opinion on issues discussed in the classroom provided that the teacher clarifies that the opinion should not be construed as an authoritative answer, that the teacher is speaking on his/her own – not the district’s – behalf, and encourages students to form their own opinions, stressing that students are free to express their own views without fear of academic reprisal.

Teachers that violate this policy or whose speech compromises the district’s ability to provide a safe and non-disruptive educational environment may be subject to disciplinary action up to and including discharge.

**ACCEPTABLE USE:** The Williston School District believes Internet access plays an important role in the education of students; however, the Internet also contains content that is not appropriate for students and staff to access. In accordance with federal law, the District has taken reasonable precautions to restrict access to materials obscene, pornographic and/or harmful to minors through the use of software designed to block sites containing inappropriate material. While the District has taken such preventive measures, it recognizes that it is not possible to fully guarantee that students and/or staff will never access objectionable materials.

**Education**
The District shall provide education to students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response.

**Monitoring Use**
Internet access is a privilege, not a right. Network storage areas shall be subject to the same scrutiny as school lockers for students. Staff and students shall have no reasonable expectation of privacy when using district computers and/or networks and shall use this technology solely for work-related purposes. Network administrators may view files and communications to maintain the integrity of the system and to ensure proper and responsible use of the system. Teachers and administrators will exercise supervision of student use.

**Prohibitions**
The District subscribes to the acceptable use policies of EduTech. All district computer users shall abide by this policy. The Superintendent or designee may take disciplinary measures when any of the following actions occur:

1. Using obscene language;
2. Accessing or creating pornographic files or sites and/or other inappropriate material;
3. Harassing, insulting, threatening, alarming or attacking others;
4. Damaging computers, computer systems or computer networks;
5. Violating copyright, trademark, trade secret or other intellectual property laws;
6. Using or participating in chat lines, chat rooms and social networking sites for personal and/or non-curricular purposes;
7. Using another’s password or representing oneself as another;
8. Trespassing into another’s folders, work or files;
9. Intentionally wasting network resources including, but not limited to, emailing chain letters and/or broadcasting inappropriate messages;
10. Employing the network for political purposes as defined by state law, financial gain and/or commercial purposes;
11. Revealing anyone’s personal information such as, but not limited to, an address or phone number without appropriate consent. Students are prohibited from revealing personal information about themselves and/or others without obtaining written consent in accordance with the Federal Education Rights and Privacy Act and receiving administrative approval;
12. Other activities or actions deemed inappropriate and not in the best interest of the District, its employees and students.

Violations
Violation of this policy will, at a minimum, result in the following disciplinary consequences for students:

1. First offense (Level I)
   a. Loss of email and Internet privileges for four weeks.
   b. Parents contacted.

2. Second offense (Level II)
   a. Loss of email and Internet privileges for at least two weeks; possibly the remainder of the semester/year.
   b. Parents contacted.

3. A student may be subject to Level II disciplinary action on his/her first offense if administration deems this necessary based on the severity of the offense.

Violations of this acceptable use policy or any applicable federal or state law, rule or regulation may also result in disciplinary action up to and including expulsion for students or termination of employment for staff.

Consent
All students and staff must consent to this policy in writing prior to accessing district networks and/or computers.

ACCIDENTS AND INJURIES:

1. In the event a child is injured in school, first aid will be administered by school personnel.
2. If the accident is of a serious nature, the parents will be called. The person responsible for supervision at the time of the accident will complete an accident report form. If the school is unable to contact the parents, the ambulance may be called to transport the student to a medical facility. We do not have a school nurse on staff.

ACCOMMODATION PLANS – SECTION 504: Williston Public School District #1 has a duty to locate, evaluate and identify any child attending the public schools who may require Section 504 accommodation or services. Children eligible for Section 504 accommodation or service include those children who have a physical or mental impairment that substantially limits a major life activity. Disability defined under Section 504 of the Rehabilitation Act of 1973 protects students from discrimination based
upon their disability status. A student qualifies as disabled under the definition of Section 504 if he or she:

- Has a mental or physical impairment, a record of impairment, or is regarded as having such an impairment; and
- Is substantially limited in his or her major life activities that include abilities such as, but not limited to, self-care, breathing, walking, seeing, performing schoolwork, speaking and learning.

The student must also demonstrate a need for special services in school. This is typically determined through formal assessment, review of educational records, formal observations, medical data, adaptive behavior measures and parent and teacher reports.

If you suspect your child has a disability and may need 504 accommodations, or if you would like additional information, please contact your building principal, or call the Districts 504 coordinator, Lori Olson at 701-572-1580.

**AFTER SCHOOL PROGRAMS:** Many activities are available after school for students to get involved in. Perhaps athletics is your interest or taking advantage of tutoring to get your homework done for the day! But maybe you just need “something to do.” Each month our school has special activities for kids after school. Examples may include dances, working with computers or learning a new hobby. Get involved!

**ALERT SOLUTIONS:** Alert Solutions is Williston Public School District’s rapid notification service. Alert Solutions provides all parents the opportunity to receive school news quickly and effectively via voice calls, email messages or SMS messages. Alert Solutions messages will be sent to notify parents of school closings and parent meetings.

**ALLERGIES:** Parents are asked to notify the school of the child’s allergies prior to the beginning of the school year or as soon as the child is diagnosed. Parents are required to provide written medical documentation of the allergies each school year. A meeting will be held with the school team to write a long term health care plan which will outline the procedures the school will take to keep children as safe as possible in the school setting.

No peanuts or foods containing peanuts or fish will be served in K-8 buildings. Students will be allowed to bring peanut products into the school building. The school website will have school menus posted to assist parents in selecting safe food for their child to eat.

**ASBESTOS:** Records of all environmental and EPA regulated projects (radon, lead in the water, asbestos) are kept on file in the District Office at 1201 9th Ave. W. The last three-year re-inspection was May 10, 2012. If you would like additional information, please contact the Superintendent’s office at 701-572-1580.

**ASSEMBLIES:** Generally, school administrators will determine or substantially control the content of what is expressed at student assemblies. In such cases, religious expression will not be permitted as the religious expression may be attributed to the school or seen as an endorsement of a particular religious’ belief or expression. However, in the instances where students are selected to speak at assemblies based upon neutral selection criteria and where the student speaker has primary control over the content of the oral presentation, the school will not restrict the student speech because of its religious or anti-religious content. In such cases, school authorities will publicly clarify that the content of the student’s speech is the speaker’s opinion and not the school's.

For the purposes of this policy, primary control is defined as authority by a student to include any content in a speech so long as it is not profane, sexually explicit, defamatory, disruptive, and/or does not infringe on the rights of others. Students may speak on individual religious views and experiences but prayer and proselytizing shall be prohibited because such speech may infringe on the rights of the
audience. Administration shall review student speeches prior to delivery. In the event that a speech contains potential prohibited content, administrators shall contact legal counsel to seek guidance before asking a student to remove such content.

ATHLETICS PHYSICALS: No student may start practice for any athletic team until he or she has been examined and approved by a medical doctor and until a current medical release from the doctor and written consent from the parent(s) are on file in the District.

AWARDS: Numerous awards are available for students who do their best in their classes. COYOTE BUCKS can be obtained for a variety of achievements and display of our school mission.

BACKPACKS/BOOKBAGS/CHROMEBOOK BAGS: Backpacks can be used to carry books and materials to and from school. However, due to the increased student numbers, all backpacks can be a safety and space issue for WMS. Thus, once in the building students MUST leave all bags of any kind in their lockers, unless special permission is given by the principal. Backpacks and bags shall not be brought to the classroom UNLESS a special pass has been obtained from the main office. Chromebook bags are allowed to be carried from class to class.

BICYCLES: Students who ride bicycles to school are encouraged to lock them in the bicycle racks provided in front of the school. Failure to lock your bike may result in theft or vandalism. If this should occur, the police will be notified to handle the situation.

BOOKS (TEXTBOOKS): As a student you are borrowing your school books for the school year. It is your responsibility to take good care of them. This includes writing your name in the cover as directed by your teacher. If your book(s) should be left behind in a classroom, your name will help get it back to you. Cover your book with cloth, paper or a book cover for extra protection. You will be responsible for damages and or lost books at the end of the year.

BREAKFAST: Our kitchen will be serving nutritious breakfast items in the commons & the Door 1 Lobby area from 7:30 AM to 7:55 AM each morning – Lunchroom Doors will be closed at 7:55 AM. If your child wants breakfast, s/he must be in the lunchroom no later than 7:55 AM. If your child wants to eat breakfast will enter the building through the SW Doors (Number 3). Students interested in a Grab & Go breakfast will use Door #1. Students are NOT to enter the area if they are not participating in the breakfast program due to limited seating.

Supervisors will expect the same behavior from students as exhibited during lunch periods. Students must remain seated at all times as they eat. No food can leave the commons area, e.g. taken outside or to class. Once finished eating, students will remain seated in the commons area and go to classes when dismissed by the supervisors.

BULLETINS AND POSTERS: You will need to have the administrative approval to post notices, posters or any kind of publicity on school property.

BULLYING POLICY:

DEFINITIONS
For the purposes of this policy:

- Bullying is defined as conduct prescribed in NDCC 15.1-19-17. The Superintendent should place this definition, in its entirety, in student and staff handbooks and should develop guidelines to assist students and staff with identifying this conduct.

- Protected classes are classifications/characteristics protected from discrimination by NDCC 14-02.4-01 and federal law. The following classes are protected: race, color, religion, sex, national
origin, age, disability (physical or mental), and status with regard to marriage or public assistance.

- **School property** or the term on-campus refers to all property owned or leased by the District, school buses and other vehicles, or any school district sponsored or school-sanctioned activity.

- **School-sanctioned activity** is defined as an activity that:
  o Is not part of the district's curricular or extracurricular program; and
  o Is established by a sponsor to serve in the absence of a district program; and
  o Receives district support in multiple ways (i.e., not school facility uses alone); and
  o Sponsors of the activity have agreed to comply with this policy; and
  o The District has officially recognized through board action as a school-sanctioned activity.

- **School-sponsored activity** is an activity that the District has approved through policy or other board action for inclusion in the district's extracurricular program and is controlled and funded primarily by the District.

- **School staff** includes all employees of the Williston School District, school volunteers and sponsors of school-sanctioned activities.

- **True threat** is a statement that, in light of the circumstances, a reasonable person would perceive as a serious expression of an intent to inflict harm.

**PROHIBITIONS**

While at a public school, on school district premises, or in a district-owned or leased school bus or school vehicle, or at any public school or school district sanctioned or sponsored activity or event, a student, staff member or school volunteer may not:

1. Engage in bullying;
2. Engage in reprisal or retaliation against:
   a. A victim of bullying;
   b. An individual who witnesses an alleged act of bullying;
   c. An individual who reports an alleged act of bullying; or
   d. An individual who provides information/participates in an investigation about an alleged act of bullying.
3. Knowingly filing a false bullying report with the District.

Off-campus bullying that is received on school property is also prohibited. The District has limited disciplinary authority to respond to such forms of bullying.

**REPORTING PROCEDURES FOR ALLEGED POLICY VIOLATIONS**

1. Reporting requirements for school staff: Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or written report of a violation of this policy from a student, community member or anonymously shall contact the building principal to inform him/her as soon as possible. If the alleged violation implicates the building principal, the school staff member shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall file it with the Board President.

   Should school administration determine that a school staff member knew of or suspected a violation of this policy and failed to report it in accordance with the procedure above, the staff member may be subject to disciplinary consequences or, for sponsors of school-sanctioned activities, other corrective measures.

2. Reporting options for students and community members: Students and community members (including parents) may report known or suspected violations of this policy using any of the following methods:
   a. Completing a written complaint form. A complainant will have the option of including his/her name on this form or filing it anonymously. The District will place the form in a
variety of locations throughout the school and should inform students and staff of these locations. The form may be returned to any school staff member, filed in a school building’s main office, or placed in a designated drop box located in each school.

b. Complete and submit an online complaint form. A complainant will have the option of including his/her name on the form or submitting it anonymously.

c. File an oral report with any school staff member.

A complaint filed anonymously may limit the district’s ability to investigate and respond to the alleged violations.

REPORTING TO LAW ENFORCEMENT & OTHERS FORMS OF REDRESS

Anytime a school staff member has reasonable suspicion that a bullying incident constituted a crime, s/he shall report it to law enforcement. Also, nothing in this policy shall prevent a victim/his/her family from seeking redress under state and federal law.

DOCUMENTATION & RETENTION

The District shall develop a form to report alleged violations of this policy. The form should be completed by school staff when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

The form should be completed by an administrator when s/he:

1. Initiates a report of an alleged violation of this policy; or
2. Receives an oral report of an alleged violation of this policy.

All written reports of an alleged violation of this policy received by the District shall be forwarded to the appropriate school administrator for investigation and retention.

Report forms and all other documentation related to an investigation of an alleged violation of this policy shall be retained by the District for six years after a student turns 18 or graduates from high school, whichever is later. If a student does not graduate from the District, such reports and investigation material shall be retained for six years after the student turns 18.

INVESTIGATION PROCEDURES

School administrators (i.e., a principal, an assistant superintendent, or the Superintendent) are required to investigate violations of this policy (as prescribed under “Prohibitions”), when in receipt of actual notice of an alleged violation. Actual notice of an alleged violation occurs when alleged bullying, reprisal, retaliation, or false reporting is reported using the applicable method(s) prescribed in the reporting section of this policy.

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected class—whether actual or perceived. Reports involving a protected class shall be investigated in accordance with the district's harassment/discrimination policy, including the timelines contained therein.

In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter and his/her relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content, and context of the report; whether this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:
1. Identification and collection of necessary and obtainable physical evidence (NOTE: In some cases, physical evidence may be unobtainable, e.g., a private social networking profile).

2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/complainant be required to meet with the alleged perpetrator.

3. Interviews with any identified witnesses.

4. A review of any mitigating or extenuating circumstances.

5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies.

Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to the victim and alleged perpetrator during the investigation.

DISCIPLINARY & CORRECTIVE MEASURES

Students that the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed include, but are not limited to:

1. Require the student to attend detention.

2. Impose in- or out-of-school suspension or recommend expulsion.

3. Due process procedures contained in the district’s suspension and expulsion policy shall be followed.

4. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond.

5. Create a behavioral adjustment plan.

6. Refer the student to a school counselor.

7. Hold a conference with the student’s parent/guardian and classroom teacher(s), and other applicable school staff.

8. Modify the perpetrator’s schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim.

9. If applicable, contact the administrator of the website on which the bullying occurred to report it.

If the misconduct does not meet this policy’s definition of bullying, it may be addressed under other district disciplinary policies.

For bullying initiated off campus and received on campus (e.g. cyberbullying), the District only has authority to impose disciplinary measures if the bullying substantially disrupted the educational environment or posed a true threat. In all other cases of off-campus bullying received on campus, the District may only take corrective measures as described in items five through eight above.

If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual’s contract), suspension or a recommendation for termination/discharge in accordance with any applicable law.
VICTIM PROTECTION STRATEGIES
When the District confirms that a violation of this policy has occurred, it should notify the victim’s parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
2. Notice to the victim’s teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
3. Assignment of district staff to monitor, more frequently, areas in the school where bullying has occurred.
4. Referral to counseling services for the victim and perpetrator.
5. Modification of the perpetrator’s schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator’s contact with the victim.

PREVENTION PROGRAMS & PROFESSIONAL DEVELOPMENT ACTIVITIES
In accordance with law, the District shall develop and implement bullying prevention programs for all students and staff professional development activities.

BUS CONDUCT: The District has disciplinary authority over students while being transported in district owned, leased, and/or contracted vehicles to and from school and during school-sponsored curricular and extracurricular events. The transportation supervisor shall determine the level of disciplinary authority that shall be given to school vehicle driver and develop regulations for handling student misconduct on school vehicles.

Conduct Requirements
Students shall be required to abide by all applicable district conduct and safety policies while in district vehicles. The Superintendent or designee may develop additional, specific regulations related to conduct in school vehicles.

Violations
Students who violate any of these policies or rules may be subject to the consequences contained in applicable student discipline policies.

When the conduct of a disabled and/or special education student transported in a school vehicle poses a transportation safety risk or when the conduct otherwise violates policy to the extent that it compels the District to reconsider the student’s transportation arrangements, prior to making a removal decision, the District shall determine the following:

1. If transportation is part of the student’s 504 Plan and/or Individual Education Program (IEP).
2. If removal would constitute a removal from the education program as determined by the following factors:
   a. There is a significant distance between the student’s home and school.
   b. There are no alternative means of public or private transportation.
   c. The school has not made appropriate arrangements to provide for the student’s education.

If criteria one or two above is applicable, the 504/IEP Team will develop an alternative means of providing transportation to the disabled and/or special education student in accordance with the federal law and regulations or will treat such student’s removal from school transportation as suspension from the educational program and will follow the procedure for suspension contained in the district’s suspension/expulsion policy and in federal regulations.
CAFETERIA / LUNCH: Williston Middle has a closed campus for lunch. The kitchen serves a variety of excellent well-balanced lunches. The hot lunch changes daily according to the Williston School Cafeteria menu. Students may bring a sack lunch or buy a hot lunch, both of which must be eaten in the commons. Our food service staff uses a computerized program for recording and keeping track of hot lunch meals. You may put any amount in your account, which is paid to food service personnel in the commons area or can be paid on-line (myschoolbucks.com). Free and reduced meals are available if income guidelines are met. Free and reduced application must be turned in yearly. Please be advised that extra entrees and/or beverages are not included in free and reduced service.

The principal grants off campus lunch privileges for special occasions, e.g. birthday celebration. This is a privilege and will be granted only when you have shown good citizenship at school and it must be approved at least one day in advance of the day requested. All students involved must have written permission slips stating not only permission to leave for lunch but also permission to “ride in a vehicle with another parent.” No student(s) may walk to a restaurant – rides must be provided by a parent/guardian. All students leaving the campus must sign out upon leaving and sign in upon returning in the Main Office. Remember it is always the student’s responsibility to be back to school on time!

Students are expected to behave as ladies and gentlemen at all times during the lunch hour. Students are to sit in the area designated. Please remain seated while eating. Cafeteria tables should be kept free of crumbs, papers, or spilled liquids. Kitchen workers should be called whenever things are broken or spilled, so that cleanliness can be maintained. Trays are to be taken to the designated area after all paper has been removed and placed in the proper receptacles. You are then to return to your seats. You are not permitted to run or wander around the commons and/or halls at any time.

For safety of all at WMS, we need to maintain noise level during lunch that will allow all people in the commons to hear safety announcements via our intercom system. All drill and Code Emergencies are announced via intercom. Thus, we ask students to monitor their own noise level. If utilized, the “stop light” is set at a safe level so student can enjoy lunch conversations and yet maintain the noise at a level that announcements can be heard. It allows students to know when to quiet down a bit without having to be told by a lunchroom supervisor. If students ignore the “Yellow Light” warning system and fail to quiet down, the “Red Light” will activate. If this occurs, students will have their “cell phones/electronic devices” privileges revoked during lunch hour the next school day. If lunchroom behavior still does not improve, additional sanctions may apply. This promotes the freedom and independence that young adolescents would like and yet provides the safety for all at WMS.

CAMPUS (Leon B. Olson Campus):
The middle school shares a common campus with Bakken Elementary. There is to be NO mixing of students between schools on the shared campus unless under the direct supervision at all times with an adult. Exceptions may be granted ONLY by the principals of either campus.

CARE OF SCHOOL PROPERTY: We have pride in the facilities made available for your education. You should strive to see that lockers, walls, floors, restrooms, etc. are not defaced. We respect our staff and desire to make their jobs easier by taking pride in what they do for our school. If a student commits vandalism, disciplinary action will be taken, and you may be required to pay for damages. The administration and possibly the Board of Education will consider extreme cases, and any student involved is liable for suspension or expulsion.

CHECK OUT POLICIES:
• Books may be checked out for three weeks. Students earn the privilege of two books at one time once they are able to show responsibility with the library materials.
• Overnight materials are due before first hour starts the following day.
• Reference materials do not circulate.
• Lost materials are charged at the cost of replacing the item. If a lost material is found within one week of paying for the material, the money will be refunded. If more than one week has passed,
the money will not be refunded. The student may keep the lost material or donate it back to the library after one week has passed.

- A copy of a magazine article may be made by asking the librarian. No magazines are allowed for check-out.

software, music, a digital medium or a performance shall not be duplicated or performed unless such use is permitted under law or unless appropriate written permission from the copyright holder has been received and, if applicable, royalties paid.

Violations:
Administration shall investigate all complaints of alleged copyright violations.

Students and employees who willfully disregard the district’s copyright position are in violation of board policy and shall be subject to disciplinary consequences in accordance with applicable policies and law.

COMPLAINTS: Individual board members have no authority to resolve complaints and the Board, as a whole, believes that patron complaints should be resolved at the lowest level of authority possible. Therefore, whenever a complaint is made to an individual board member or the Board as a whole, it will be referred to school administration for processing at the lowest level of authority possible.

If the complaint is not satisfactorily remedied at the building level, either party may refer the matter to the Superintendent for investigation. The Superintendent shall complete the investigation within a reasonable deadline in accordance with any applicable deadline in law.

If all other remedies have been exhausted, a complainant may request that the matter be placed on the agenda of the next regular school board meeting; however, the Board will not hear, consider, or act upon complaints that have not been investigated at each appropriate level of authority, nor will the Board hear, consider, or act upon complaints for which specific complaint resolution procedures have been established that do not allow for board review of the complaint, including but not limited to complaints about personnel and complaints about instructional material.

ANONYMOUS COMPLAINTS: Anonymous complaints provide no avenue for response or redress of the complaint. An unsigned complaint will not be read or acted upon at any meeting of the Board and anonymous telephone complaints will not be brought to the Board by any individual board member, administrator or other employee. No disciplinary action will be initiated based solely on an anonymous complaint; however, the administration will investigate every anonymous complaint.

PARENTAL COMPLAINTS: While parents enjoy a unique relationship with the schools and are the recipients of special communications concerning school events and programs as well as communications concerning their own child’s progress, parents shall use the same channels of processing complaints as by other citizens. Complaints for which specific resolution procedures are provided shall be directed through those channels. These include, but are not limited to, complaints about personnel and complaints about instructional materials.

COMPLAINTS ABOUT PERSONNEL: In order to provide an effective procedure for responding to complaints about school district personnel in a manner that is in the best interests of promoting better educational opportunities for children, the following policy is adopted:

Filing Procedure:
The following procedure is intended to minimize the risk of a possible action for libel or slander, to retain the impartiality of the Board and to maximize compliance with North Dakota law.

Complaints should be resolved at the lowest possible level of authority. If the complaint cannot be satisfactorily resolved at that level, the complaint shall be directed to the principal or other supervisor directly responsible for supervision of that employee. The supervisor shall:

1. Investigate the complaint.
   2. Promptly notify the employee if the complaint is to be placed in the employee's personnel file. The decision to place information into any personnel file will be made by the administration based on the results of an inquiry or investigation.
3. Schedule a meeting of the employee, the complainant, and the supervisor if deemed appropriate.

4. Provide a response to the complainant within 60 days of receipt of the complaint. Upon conclusion of the investigation, the complainant will be informed as to the outcome of the investigation and the disposition of the complaint. If either party is not satisfied with the handling of the complaint, the matter can be appealed to the Superintendent for final resolution.

Complaints about the Superintendent and business manager shall be directed to the Board President, who shall follow the same procedure and shall have authority to take disciplinary action except when dismissal is contemplated. Dismissal recommendations for the Superintendent and Business Manager must be referred to the Board for a determination made in accordance with applicable law.

DEADLINES: To be considered for investigation, any such complaint must have been filed within 180 days of the alleged occurrence. (Exception to the 180 days would be an accusation of sexual abuse.) The District has a separate investigation procedure for complaints of harassment and/or discrimination.

Prohibition: Retaliation
The District will not tolerate any form of reprisal, retaliation, or discrimination against an employee, district contractor, district agent, student and/or community member because s/he, in good faith, files a complaint against the District (or a district employee, contractor, or agent) under this policy. Furthermore, the District will not tolerate any form of reprisal, retaliation, or discrimination against an employee, district contractor, district agent, student and/or community member because s/he participates in an investigation, hearing or inquiry related to this policy.

PROHIBITION OF FALSE CLAIMS: The District may take appropriate disciplinary action against a district employee, contractor, student, and/or other district agent and/or may take legal action against anyone who knowingly files a false complaint under this policy or a false claim of reprisal, retaliation, or discrimination under this policy.

CREDIT COURSES – HIGH SCHOOL: A student must not be absent from a class more than 8 times for a semester course or 16 times for a full year course. As a matter of procedure, the Attendance Office will notify parents by letter whenever a student has accumulated 5 or more non-school related absences in class. From then on, it is the student’s responsibility to monitor his/her attendance to avoid credit loss. Upon a student's 9th absence in a semester course or 17th absence in a full year course, (excluding absences due to school activities, medical absences supported by a physician’s written verification of specific illness, and in-school suspension), the assistant principal will send the parent/guardian written notice of credit loss.

COUNSELING: A counseling and guidance program is available to all students. It is designed to help you determine and understand your interests, abilities, limitations, and opportunities in order to make wise choices and identify your goals, talents and strengths. Private counseling is available by appointment with the counselor. However, an “open door” policy exists with the ability for students to stop in when the counselor’s door is open.

COYOTE AGENDA: To organize student work, students will use a student agenda. This tool will enhance your grades and classroom performance. Replacement agendas can be purchased in the Main Office for $5.00.

DISPLAYS OF RELIGIOUS OBJECTS OR DOCUMENTS: Classroom and school displays may include religious symbols. The displays must be temporary, require no active participation in any religious activity, and should include diverse religious, cultural and ethnic symbols.

Requests to display a religious object, decoration or document within a school shall be filed with the building principal and approval must be obtained prior to displaying the object, decoration, or document.
Any such display shall meet the following criteria:

1. It is not a permanent display.
2. The educational purpose of the display is clearly articulated in the request, and the request outlines the manner in which this purpose will be relayed to students.
3. The cultural, legal, or historical significance of the religious document or object is clearly articulated in the request, and the request outlines the manner in which this significance will be relayed to students.
4. The influence that the religious document or object has had on the legal and governmental systems of the country or culture being studied is clearly articulated in the request, and the request outlines the manner in which the document/object’s influence will be relayed to students.
5. The religious object or document is part of a larger display and is to be displayed in the same manner and appearance as other objects or documents in the display.
6. Nothing in the display shall call attention to the religious object or document apart from other objects or documents in the display.
7. The display is to be used as an illustration for purposes of the curriculum and is to be displayed in a classroom or library.

When a request to display a religious object/document/decoration is denied by administration, the requestor may file an appeal with a board-appointed review committee. The committee shall review the administrator’s decision, take into account the above criteria, and issue recommendations to the Board as soon as practicable.

This policy does not govern nor will it infringe upon the rights of students and staff to wear religious symbols so long as doing so does not substantially disrupt the educational environment nor interfere with the rights of others. This policy does not apply to secular displays of seasonal objects.

TEACHING ABOUT RELIGION: Factual and objective teaching about religion, the impact of religion, and religious-based ideas and ideals may be included in classroom instruction if such information is presented as part of the curriculum and is in keeping with the district’s educational goals and student learning objectives.

Religious musical selections, literature, documents of historical significance, artwork, and other learning aids may be included in the curriculum on the basis of their particular educational value and/or traditional secular usage and shall be presented with works that are nonreligious in nature, shall be selected and performed as works of art, not as acts of veneration, and shall be presented prudently and objectively, with background information explaining their purpose.

Any staff member, citizen, or student who believes that a particular school program may have violated this policy may submit a complaint in accordance with the procedures established by board policy for complaints about instructional material.

DISPUTE RESOLUTION: Any individual who believes that the Williston Public School District #1 has violated the regulations or law governing a Title program should submit a complaint to the building principal at PO Box 1407, Williston; 701-572-1580. The principal shall investigate the complaint and provide the individual with a written response within 30 days.

The complaint must include:

1. The date;
2. A detailed description of the complaint, including specific facts;
3. The signature of person making the complaint.
If the complainant is dissatisfied with the response, the complainant may submit an appeal request to the District Title Program Director. The District Title Program Director shall issue a written response to the complainant as soon as practicable not to exceed 30 days.

If the complaint is not resolved to the satisfaction of the complainant at the district level, the complainant may forward the complaint to the Title Program Director, Department of Public Instruction, 600 East Boulevard, Bismarck, ND 58505. DPI has established a reconsideration procedure in the event that a complainant is dissatisfied with the State Title Program Director’s decision.

Once the state-level complaint review process has been exhausted, a complainant may forward the complaint to the Secretary of Education, U.S. Department of Education, 555 New Jersey Avenue, NW, Washington, DC 20208.

**DISTRIBUTION & POSTING OF NON-CURRICULAR MATERIAL IN SCHOOL:** The Board allows distribution and posting of non-curricular material and collection of signatures on petitions, which receive the prior approval of the Superintendent or Designee. Approval shall be based upon the time, place and manner restrictions delineated in regulations.

Groups or individuals that attempt to compel or coerce a student, employee or other individual on school property into accepting non-curricular materials shall lose all material distribution privileges. A school employee or student who interferes with the distribution of approved material shall be subject to disciplinary measures.

Non-applicable Provisions
The policy does not apply to the pre-approved sale of goods on school property. The Superintendent shall develop separate criteria governing this matter, which shall, at least, limit direct sales to those having a school-related purpose, which is consistent with the district’s mission statement. This policy does not apply to district acceptance of paid advertising and third-party sponsorships. The Superintendent shall develop separate criteria governing this matter, which shall, at least, require advertisers and sponsors to have a purpose and/or mission consistent with the district’s mission.

**DRILLS – FIRE, TORNADO, and EMERGENCY CODES:** Schools are required to have regular drills for the safety of all our students and staff. At the beginning of each school year, students will be directed on the proper behavior during the drills. During safety drills the principal, office staff and/or the teachers will direct students. Signs are printed in each room with drill information. Safety is a #1 priority at our school, thus these drills are important simulations.

For the safety of all students, WPSD #1 has established emergency codes. These codes will be practiced periodically throughout the year.

- **Code Yellow** – An email will be sent to the staff announcing precaution and vigilance on the part of all staff members. No announcement made to students.
- **Code Orange** – For the duration of a code orange, classroom doors are closed and locked, students and classes will go about their normal routine. Students will not be allowed to exit classrooms, or pass to another area until such time that an “all clear” has been announced by a building administrator.
- **Code ALICE** – For the duration of a code ALICE, students will remain safe and follow the instructions provided by administration. Any evacuation procedures will be determined by the Chief of Police of Williston.

**EDUCATIONAL SERVICES:** Williston Public Schools are members of WilMac Special Education Unit. WilMac provides the following services for eligible students: speech therapy, learning disabilities instruction, occupational therapy, physical therapy and learning services for children with emotional/behavioral challenges, intellectual disabilities, and severely multiple handicaps.
Title I/Tutoring services are also available for students. The purpose of this program is to give identified students additional support above and beyond the primary instruction they receive in the classroom. Please contact your building principal for more information.

ENTRANCES AND EXITS: All students, unless eating breakfast, must enter the building through the doors on 14th Street West only (Entrance #1). You may enter at 7:51 AM, go to your locker and proceed to your first class.

Students who are eating breakfast please enter the school through the commons entrance (Entrance #3). Students may enter hallways when dismissed by supervisors at 7:51 AM from the commons area and proceed to their first class.

Students have approximately ten minutes to clear the halls after their last class for the day. This allows our custodial staff to begin their duties. Once out of the building, students should not need to reenter the school building for any reason unless accompanied by a parent or for a sponsored school activity. Our front doors are always locked. Our office closes at 3:45 PM each day. Students are not allowed in the building past 3:45 PM unless under the direct supervision of an adult.

FEES: The Board will establish and reassess student fees in accordance with law on an as needed basis. The Superintendent shall establish school fine amounts as permitted by law. When a parent/guardian is unable to pay a fee in full, the Superintendent is authorized to waive or reduce this fee.

The Board has adopted the following specific policy with relation to student fees:

1. Driver’s education and for courses that generate products that become the personal property of the student must be paid prior to the start of the course.

The District will vigorously pursue the collection of any outstanding bills, including use of a collections agency and/or filing a claim in small claims court. The Superintendent, in accordance with law, may impose further penalties on students for failure to pay fees/fines.

Textbooks are provided free for all students unless lost or damaged. Certain fees may be charged for the following: assemblies, publications, lab materials, and elective/encore materials. Fee information will be available with the student schedule at the beginning of each school year.

All fees are due at the end of the class each semester – in December and in May. Chromebook fees will be assessed by the middle of June.

FAMILY EDUCATIONAL RIGHTS and PRIVACY ACT (FERPA) NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day the Williston School District receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected in accordance with board regulation FGA-BR.2

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy
rights under FERPA. Parents or eligible students who wish to ask the Williston School District to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. Students may be excluded from going on a field trip due to inappropriate behavior.

Students may be required to pay admissions fees associated with a field and/or school-sponsored trips. These fees may be waived in cases of hardship or, when the trip is part of the curriculums, students may be given an alternative assignment. Requests to waive fees shall be made in accordance with the student’s fees policy.

Participation Requirements:
Parental approval was completed when you filled out your Registration for the current school year for field and school-sponsored trips. Some field trips may require additional paperwork.

Students shall be subject to all applicable district policies and regulations while on field and/or school-sponsored trips. Parents and students shall be made aware of any applicable field trip rules prior to each trip.
**HALLWAY PROCEDURES**: Students will be aware of and follow the movement and voice guidelines in the hallways and stairwells to promote safe and orderly transitions.

Expectations for Student Behavior
1. Walk on the right side – *lunch dismissal will be different.*
2. Walk in single or double file (Speed 2: average walking speed).
3. Keep moving. Use time wisely: realize it may take longer to get to some classes compared to others.
4. Yield to crutches and wheelchairs.
5. Talk (level 2: conversational voice) only to the person beside you.
6. Stop and talk with staff member if that adult requests you to do so (to correct behavior).

**HARRASSMENT**: We want all individuals to know they can learn and work in an environment free from insulting, degrading or exploitive treatment. Administrators and supervisors will make it clear to staff and students that harassment is prohibited by board policy and is grounds for disciplinary action.

**Employee/Student or Student/Student Discrimination/Harassment**: All school employees are considered responsible employees for purposes of reporting employee-student and student-student discrimination/harassment and shall follow the necessary reporting steps.

**HEAD LICE**: Head lice are frustrating, a nuisance and very communicable. When every parent takes responsibility to check their child/children’s heads and screen the entire family, lice can be detected early and controlled. Children should not share coats, hats, scarves or brushes with other children. If head lice do occur, please contact the school immediately.

If head lice/nits are found, the student will be sent home. Upon being nit free, the student may return to school. Williston Public School district has selected to continue to enforce a “no nit” policy, which is above and beyond the North Dakota Department of Health.

**HOMEWORK REQUEST POLICY**: Class work for an absent student may be requested through the Main Office provided that the student will be absent at least 2 days. Teachers will be contacted and work sent to the office at the end of the school day. When picking up the work, parents should know where the student's locker is located and the combination, in order to take home necessary schoolbooks.

**HONOR ROLL**: At the close of each grading period, the office compiles an A and A/B Honor Roll. All classes “count” toward honor roll computation. A student may have a grade of “C” but not “D” or “F” to be eligible.

**ILLNESS DURING SCHOOL**: If you become ill during the school day, you should request permission from the teacher to go to the Main Office. If you are ill and one of your parents is at home, you will be excused from school to go home and will be excused for that day only. If no one is home, other arrangements will be made. You should never leave the school in case of illness or accident without being excused by the Main Office or the principal.

**IMMUNIZATION**: NDCC 23-07-17.1 The parents or guardians of each child admitted to the schools shall present a certification from a licensed physician or authorized representative of a State Department of Health that the child has received or is the process of receiving those immunizations required by law except as exempted by law. Failure to provide immunization records within 30 days of enrollment in school WILL result in the child’s removal from school. Per ND State law, students who are
not immunized by October 1 of the current school year will be asked to go home until immunizations are up-to-date.

**INFECTIOUS DISEASES:** Students with infections such as pink eye, influenza, etc. are asked to stay home from school until they are no longer contagious. Parents are asked to report such illnesses to school personnel.

**INTERDISCIPLINARY TEAM ORGANIZATION:** Our school format provides interdisciplinary team organization. All students in a particular team share in common the same core (those classes required to be taken by all students) academic teachers. These teachers meet as a group for one period per week. Our teams are designated by colors: 7th grade teams are Blue, Green and Yellow and 8th grade teams are Red and Purple. Encore or elective classes are those classes not required but “elected” by students.

**LEGAL CUSTODY:** Parents/guardians who are divorced/separated and have children enrolled in this school district should submit to the building principal's office legal documentation indicating who has custody, visiting rights and who may receive information pertaining to the child/children’s progress in school. This is important in cases in which one parent is legally denied contact with the child. In such cases the school will make every effort to cooperate with court orders.

**LEGAL NAME:** Each child's legal name, the name found on their birth certificate or court ordered documents, will be used on all educational forms and records.

**LIBRARY MEDIA CENTER:** The library is open from 7:55 AM to 3:45 PM each school day. A student using the library is expected to respect the following guidelines:

- No outerwear, coats or jackets are allowed in the library. Gym bags and books should be left at the front table when brought in after school. Remember no gum or food in the WMS library.
- Current student I.D. number is needed to check out materials.
- A student with a library delinquency may not check out materials.
- A student needs a pass in the hallway to come to the library.
- A student does not need a pass to come to the library if s/he spends his/her entire lunch hour in the library.
- Magazines and newspapers are to be read in the library.
- Students do not need to ask to use the online catalog or to take AR tests.
- Students are not able to use the copy machine. Please see the librarian if a copy is needed.
- Students do need to ask to use the computers for word processing, the internet, to print and to check e-mail.

**LOCKERS/PHY ED LOCKERS:** This is your area to keep school materials and personal items. Lockers should be kept clean and neat. Do not stick things on your locker that cannot be removed easily or are in bad taste. Do not kick or force it to close. If you have trouble with your locker, see the office. Only you and your locker partner have your locker combination. If you give it to others, you lose this security. Money or other valuables, including expensive clothing and jackets, electronic devices should not be brought to school. The school cannot be responsible for lost articles of any kind. You will share lockers ONLY as assigned by the Main Office. Also, please make sure you do not leave your locker unlocked. According to North Dakota State Law, school lockers remain the property of the school and school authorities have a responsibility and a right to examine the contents of the locker for reasons of health, safety and security. Students that have 1st period physical education class must first take their book bag to their upstairs locker before going to Phy Ed class.
LOST AND DISCOVERED: Williston Middle School cannot accept responsibility for items owned personally by students. If you find an item, please turn it in to the office. Clothing not claimed by the end of each week from the Lost and Found will be donated to Charity.

MCKINNEY VENTO HOMELESS ACT: It could happen at any time, but currently due to the booming economy and lack of affordable housing in Williston, more area families are finding themselves living in temporary situations. According to the federal McKinney Vento Act, when a student “lacks a fixed, regular and adequate nighttime residence,” whether it’s living in a camper, at a campground, at a hotel or doubled up with friends or family due to economic hardship or similar reasons, they are considered homeless. These students in transition, from preschool through high school, including unaccompanied youth, may face unique barriers when it comes to education. The McKinney Vento Act was designed to address these issues and all school districts are required to designate a liaison to serve these students.

In compliance with this federal law and state requirements, WPSD #1 has a written “Students in Transition” policy and employs a Homeless Liaison to work directly with these students. The main goal is to ensure that even though their living situation is temporary, these students encounter no barriers to a free, public education. The three key provisions of the McKinney Vento Act, school access, school stability and support for academic success are the framework for providing services. Services are designed to eliminate or minimize any barriers a family may face in their efforts to keep their student enrolled, attending and fully participating in school at every level. It is also meant to connect these students and/or families with existing community resources to assist them in areas outside of education.

Your Rights if You Live in a Temporary Situation:
McKinney-Vento is a federal law designed to remove barriers to education created by homelessness and provide for the educational rights of students in transition. McKinney Vento services may be provided to children and youth who lack a permanent, regular, adequate, fixed night time residence and instead live in any of the following situations due to economic hardship, loss of housing or similar reason:
- Living “doubled up” with relatives or friends due to economic hardship, loss of housing or a similar situation
- In an emergency or transitional shelter
- In a motel, hotel, RV park or campground due to lack of alternative housing
- In a car, park, abandoned building, camper, bus/train station, substandard housing
- Moving from one place to another (“couch surfing”)
- Awaiting foster care placement

If you believe your children may be eligible, contact the District Office at 701-572-1580.

The meal will consist of a cheese sandwich and milk. Under no circumstances will a la Carte items be allowed to be charged. This includes extra entrees, extra milk, juice or water. If a student brings money for a meal on a given day, the student will be allowed to eat that day with no regards to the negative balance.

A parent may call the Food Service Director to place a block on their child’s account to prohibit the purchase of a la carte items. The District will vigorously pursue the collection of outstanding bills and will refer past due accounts to collections.

In the event a student leaves the district and has funds remaining in their school lunch account, it is the responsibility of the parent/student to contact food services director within 30 days to request a refund; otherwise, the remaining funds will be deposited into the nonprofit school food service account.

MEALS FOR STUDENTS PARTICIPATING IN EXTRACURRICULAR ACTIVITIES: The Williston School Board strongly supports a quality extracurricular program for students in the Williston Public Schools. However, the provision for meals when students are participating in extracurricular activities is the responsibility of parents except as delineated below.

The District shall pay the cost of meals for students only when they are participating at state tournaments sponsored by the North Dakota High School Activities Association or state final competitions sponsored by the North Dakota State Vocational Education Board which are held outside the Williston area. The allowance for authorized student meals shall not exceed the state rate for employees. Meal allowances and payment procedures shall be established by the Superintendent. Funds donated for this purpose will be allocated according to board policy.

MEASURES OF ACADEMIC PROGRESS (MAP): Williston District I Schools use a computerized program to measure student progress in mastering basic skills. We administer this on regular intervals to obtain information for individual or an entire grade level on satisfactory progress in mastering these skills. This provide information teachers use for instructional planning for individual students or an entire class. These assessments will take place for Reading and Math in winter and spring.

MEDICATION: A policy will be made available for dispensing medications when it becomes available by Williston Public School District #1. At WMS, students are not allowed to carry medication on their person. Medications need to be administered by parents unless there is a short- or long-term healthcare plan on file. This is in accordance with the North Dakota School Board Association.

MESSAGES AT SCHOOL: Parents are asked to keep telephone calls for emergency purposes only. A student will NOT be called from class to answer the phone except in emergencies. Students may be called to receive messages at the Main Office during hallway passing, lunch and/or after school.
**MID-TERM REPORTS:** Mid-term grades will be given to each student by each teacher at the mid-point of each nine weeks. Parents are requested to assist in communication between school and home. Reporting dates for the 2019-2020 school year are listed on the district calendar and on our web site.

**NJHS (NATIONAL JUNIOR HONOR SOCIETY):** The National Junior Honor Society chapter of Williston Middle School is a duly chartered affiliated chapter of this prestigious national organization. Membership is open to those students who meet the required standards in four areas of evaluation – scholarship, leadership, service, and character. Standards for selection are established by the national office of NJHS and have been revised to meet our local chapter needs. Students are selected to be members by a five-member Faculty Council, appointed by the principal, which bestows this honor upon qualified students on behalf of the faculty of our school each year.

Students in the 7th or 8th grades are eligible for membership. For the scholarship criteria, a student must have cumulative grade point average of 3.5 or better on a 4.0 scale. Those students who meet these criteria are invited to complete a Student Activity Information form that provides the Faculty Council with information regarding the candidate’s leadership and service. A history of leadership experiences and participation in school or community service is required.

To evaluate a candidate’s character, the Faculty Council uses two forms of input: first, school disciplinary records are reviewed; second, members of the faculty are solicited for input regarding their professional comments on a candidate’s service activities, character and leadership. These forms and the Student Activity Information form are carefully reviewed by the Faculty Council to determine membership. A majority vote of the council is necessary for selection. Candidates are notified regarding selection or non-selection according to a predetermine schedule. Following notification, a formal induction ceremony is held at the school to recognize all newly-selected members. Once inducted, new members are required to maintain the same level of performance (or better in all four criteria that led to their selection). This obligation includes regular attendance at chapter meetings held at least quarterly during the school year, and participation the chapter project(s). **PLEASE NOTE:** Membership in NJHS at our school does not automatically ensure membership at the high school level.

Students or parents who have questions regarding the selection process or membership obligations may contact the chapter advisor.

**NON-DISCRIMINATION:** Williston Public School District #1 does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the non-discrimination policies:

1. Investigate the complaint.
2. Promptly notify the employee if the complaint is to be placed in the employee’s personnel file. The decision to place information into any personnel file will be made by the administration based on the results of an inquiry or investigation.

The District subscribes to the philosophy stated in the School Library Bill of Rights.

**SAFETY/SECURITY:** The safety of all Williston Middle School students and staff is our #1 priority. Students are required to cooperate with well-established security measures. In the event of an emergency, a directive will be issued from administration and/or the main office. These directives will be used for the protections and safety of all individuals in our school building. Since these are potentially serious situations, all drills to practice these alerts must be taken with a respectful attitude. Student behavior expectations are at the highest standards with no exceptions.

**SCHEDULES:** Once a student receives his/her schedule, it will only be changed in cases of extreme situations.

**SCHOOL CLOSING – EMERGENCY AND WEATHER RELATED:** The decision to close school will be made by Superintendent of Schools or designee. Notification of closing or if school and buses will be dismissed early or start late, will be made to the following radio stations: KEYZ, KYYZ and KDSR and the following television stations: KUMV and KXMD and Channel 19.

**SCHOOL DAY:** Our day begins at 8:00 AM and concludes at 3:03 PM.

The Williston Public School District #1 (WPSD) Network allows users’ access to a wide range of information sources locally through the Local Area Network (LAN) and worldwide through the Wide Area Network (WAN) also known as the Internet. Our goal in providing this service is to promote educational excellence in our schools by facilitating resource sharing, innovation, and communication.

The Internet allows access to computers all over the world. Some systems may contain inappropriate material that is defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive and/or illegal. Internet filtering software has been installed by the Internet Service Provider to prevent access to inappropriate sites; however, no software can be effective 100% all of the time. WPSD does not have control over the content of information residing on the Internet and will not be held accountable for the content. Students who knowingly bring such materials into the school environment will be dealt with according to the disciplinary policies of the individual school building and WPSD. Access to the network will also be terminated.

Acceptable use policy is in place for all current Middle School students. Computer use privileges will be removed for unacceptable use. (Please refer to Williston Public Schools District 1, Acceptable Use Policy for Networks).

WELLNESS POLICY:

Nutrition Education & Promotion
The District should strive to promote the following nutrition goals (consistent with the Dietary Guidelines for Americans) in grades K-12 through the curriculum and through other promotional methods:

1. Provide a health education curriculum that is aligned with state standards and requirements; is taught by well-prepared and well-supported staff; that is age appropriate; and that is aimed at influencing students’ knowledge, attitudes and eating habits.

2. Provide an overall school environment that encourages students to make healthy food choices, specifically encouraging:
   a. Balancing calories with physical activity to manage weight;
   b. Consumption of healthier foods and nutrients such as fruits, vegetables, whole grains, fat-free and low-fat dairy products and seafood;
   c. Consumption of fewer foods with sodium (salt), saturated fats, trans fats, cholesterol, added sugars and refined grains.

3. Identify and implement methods to educate family members about district nutrition standards and goals and involve them in program development and implementation.

The wellness policy committee may develop a list of activities that will help the District achieve the above goals and provide this list to administrators to assist with implementation of this policy.

Physical Education
In addition to state standards and mandates related to physical education, the District should strive, to the extent practical, to offer opportunities for students to be physically active through activities that may include, but not be limited to, recess and extracurricular offerings. The goals of physical activity programs shall be: to develop students’ knowledge and skills necessary to perform a variety of physical activities; assess, maintain and improve personal fitness; regularly participate in physical activity; understand the short- and long-term benefits of physical activity; and value and enjoy physical activity as an ongoing part of a healthy lifestyle.

Administration will ensure that policies and practices are in place that enable students with disabilities and other special health care needs to participate as fully as possible and safely in physical education and other school physical activity programs. Teachers and other school personnel will not use physical activity (e.g., running laps, pushups) as punishment. Withholding opportunities for physical activity (recess) as punishment will be limited.

Goals for Other School-Based Activities
The District will seek to promote the physical activity and nutrition goals of this policy through other activities that are practical, implementable, and within district budgetary and statutory parameters. The goals of these other activities shall be to reinforce the nutrition promotion, nutrition education, and/or physical activity goals stipulated above. Activities implemented under this policy provision may be offered to students, parents, and/or district staff.

The wellness policy committee may develop a list of activities that will help the District achieve the above goals and provide this list to administrators to assist with implementation of this policy.
Nutrition Standards
For all meals provided with funds from the National School Breakfast and Lunch program, the District shall comply with applicable federal nutrition standards established in federal regulations. The District shall comply with applicable federal standards for competitive food sales on campus during the school day as defined by federal law. All foods provided or sold by the District should be selected judiciously, taking into consideration the nutritional value of the food being served, the goals of this policy and the frequency of use.

Exception to Competitive Food Sales
Each school year, each school building is authorized to hold up to three on-campus fundraisers during school hours that do not comply with competitive food sales nutrition standards. Each building principal shall develop rules for requesting and receiving approval to hold fundraisers under this exception, which shall, at a minimum, prohibit such fundraisers from occurring during school meal times.

Competitive food sale requirements do not apply to off-campus food sales and do not apply to foods sold on campus at least 30-minutes after the school day.

Qualifications & Training
The District shall comply with any applicable hiring requirements under federal regulations for new hires in the food service program and shall comply with annually training requirements under federal regulations for all food service personnel (see ABCC-E).

Policy Development, Implementation, Review, & Dissemination
The District encourages parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the School Board, school administrators and the general public to participate in the development, implementation and periodic review and update of the local school wellness policy. The District shall determine the best methods for the above groups to participate in these processes and shall relay information about the participation processes to the above groups using the method deemed most appropriate, effective, and cost efficient by the wellness policy committee. The Board or designee shall appoint a wellness policy committee in accordance with applicable district policy on committee appointments to develop the wellness policy and perform additional duties prescribed herein.

The Superintendent shall designate one individual per school building to monitor and enforce building-level compliance with the wellness policy. The names of these designees shall be listed in administrative regulations. Each designee shall be responsible for reporting on building-level compliance with this policy and supplying the wellness policy committee with any material requested to help the committee assess implementation of and compliance with this policy.

At least annually, the wellness policy committee shall meet to determine the extent to which each district school is in compliance with the local school wellness policy, the extent to which the local school wellness policy compares to model local school wellness policies (e.g., policies created by the state or federal government, if available, or by a state or federal organization that provides support services to schools), and the progress made in attaining the goals of the local school wellness policy. The wellness policy committee shall complete a report that contains the above components, which it shall provide to the Williston School Board and disseminate publicly on the district’s website. Any recommended amendments to the
wellness policy must be adopted by the Board in compliance with board policy on policy adoption.

**CONDUCT AND DISCIPLINE POLICIES**

In any society, general rules and policies are necessary for orderly operation and for insuring the safety of all members. Good discipline and order are positive aspects of school rather than negative. It is the duty of the school to help students adjust - rather than punish - and to turn the unacceptable behavior into acceptable. Good discipline is the absence of distractions, frictions or disturbances that interfere with the functioning of the individual, class or school. It is the presence of a friendly, yet business-like atmosphere where all work together for the common good. The following information applies not only to the school day, but also includes all extracurricular activities involving the school, on the buses or on school corporation property. Williston Middle School has a specific “Code of Conduct” form that all students participating in any extra-curricular activity must sign.

It is the intent of this school that any problems arising from the normal operation of Williston Middle during the school day or at extracurricular activities to be handled on the lowest level possible with the least force and embarrassment necessary to bring about the proper behavioral changes. If a problem arises at the classroom level, students and parents/guardians work first with the teacher(s) to correct the difficulty. If behavior does not improve, communication with the principal(s) would be the next step.

A student identified as a chronic disciplinary problem may be suspended or recommended for expulsion on the basis that despite prior intervention, such student has persistently violated the rules of the school even though each prior violation may not alone have warranted suspension or expulsion.

**WE EXPECT STUDENTS TO:**

- Always remember that each person is important and deserves our utmost respect.
- Do as they are asked the first time they are asked.
Respect legitimate authority by following school rules as well as the laws of the community, state and nation.
Respect the personal property of others and the school as well as consider the needs and rights of the school and all members of the school community.

WE EXPECT PARENTS TO:
- Assume primary responsibility for the child and his/her behavior.
- Acknowledge the child's responsibility to the school as well as the home.
- Recognize that school must primarily concern itself with education.
- Cooperate in conferences regarding health, behavior or academic progress of their child.

WE EXPECT STAFF MEMBERS TO:
- Set high standards for student academics AND behavior.
- Exhibit a respect for students that positively helps them develop good character traits.
- Plan a flexible program to meet the individual needs of students.
- Communicate with parents when a child's behavior and or academic progress indicates a need for improvement.

WMS NON-NEGOTIABLES:
- Cell Phones – Cell phones may not be seen or heard in the hallways and stairways.
- Profanity – Both direct and indirect profanity will not be tolerated.
- Disrespect – Students will demonstrate respect toward others, staff and the school environment at all times.
- Back and Forth – Students will accept the response of the teacher without negotiation.

STUDENT RULES OF CONDUCT

Violation of Student Rules of Conduct could result in one or more of the following actions being taken by school authorities.

CITATION FOR WILLFUL DISTURBANCE: The principal may cite students or adults for willful disturbance of schools under North Dakota Century Code 15-49-08. Any person, whether pupil or not, who willfully molests or disturbs a public school when in session, or who willfully interferes with or interrupts the proper order or management of a public school, by act of violence, boisterous conduct or threatening language, so as to prevent the teacher or any person from performing his duty, or who, in the presence of the school children, upbraids, insults or threatens the teacher, shall be guilty of a class B misdemeanor.

DETENTIONS: A teacher may assign a student detention on designated days during the week. Failure to serve detentions may result in additional punishment. It is the student’s responsibility to contact parents/guardian to communicate detention time to be served. Parents may request a change of time from the teacher. Since transportation is a parental responsibility, we suggest that students not inconvenience their families and avoid behavior that results in detentions.

Prior to issuing this notice, the investigator shall meet with the Superintendent or Board President (if the Superintendent is the subject of the complaint) to receive his/her concurrence on the recommendations and receive his/her approval on any disciplinary recommendations. Disciplinary recommendations shall be carried out in accordance with policy, law, and, when applicable, the negotiated agreement.
5. The investigator or designee shall monitor the implementation and effectiveness of recommendations and shall notify the Superintendent or Board President (if the Superintendent is the subject of the complaint) if harassment/discrimination persists.

Teachers who receive a hazing complaint shall immediately report it to the building principal.

Reporting Violations

A student or staff member that has reason to believe that a student has violated this policy should notify a school official (i.e., a teacher or administrator if the reporter is a student; a school administrator if the reporter is a district staff member). Except in limited circumstances under law, a teacher is required to report known or suspected violations of this policy to the school principal or Superintendent.

Violation

When a principal/Superintendent has reasonable suspicion that a student has violated this policy, s/he may search the student in accordance with the district’s policy on searches of students’ personal property.

Such searches shall not include referral for mandatory alcohol/drug testing.

Disciplinary sanctions will be imposed on, and additional actions may be taken (as listed below) in response to, any violation of this policy. These sanctions may include suspension or expulsion, intervention (as described below), and notification of proper authorities for prosecution. Prohibited substances will be confiscated and illegal substances will be turned over to law enforcement authorities.
Intervention
It is acknowledged that the public school has neither the authority nor the responsibility to make medical or health determinations regarding chemical dependency; however, when observed behavior indicates that a problem exists that may affect the student's ability to learn or the educational climate of the school, the school has a right and a responsibility to refer the student for a formal chemical dependency diagnosis. The Superintendent shall develop a procedure for chemical dependency identification and referral for treatment.

Referral for treatment shall be a constructive not punitive action; however, use of the treatment program shall not override or prohibit the District from taking disciplinary action for violations of this policy.

The school will make a reasonable effort to cooperate with a therapy program if one is recommended for the student. The Board believes that if a student is involved in a chemical dependency program and is successfully addressing his/her harmful involvement with chemicals, s/he may continue in the regular school setting and continue to participate in any extracurricular program unless participation is in conflict with rules and regulations set forth by the Board and the North Dakota High School Activities Association and/or the student has been suspended or expelled as a result of a district policy violation.

The school may, through the use of available resources, provide follow-up counseling and supportive assistance to those students who return after successfully completing a therapeutic regimen, realizing that the student may need assistance in dealing with other environmental factors beyond the school's control which may remain unchanged.

Confidentiality
The District shall maintain the confidentiality of students referred for counseling and chemical dependency treatment in accordance with the district’s policy on counseling records.

Education
The District will teach about drugs and alcohol in an age appropriate developmentally based education and prevention program in every grade in accordance with law. This program will include information about drug and alcohol counseling and rehabilitation programs available to the students.

If the primary SRO cannot be contacted, then the law enforcement officer should continue their attempt in contacting any other district SRO. If available, the SRO will assist and coordinate the interview/taking into custody of the student with school officials.

Police Interviews and Interrogations

The building principal or designee, in consultation with law enforcement, shall make the
determination of whether or not to contact parents/guardians on a case-by-case basis.

d. If, during the interview, the student becomes a suspect of a crime, the requirements in #1 shall be implemented as soon as this suspicion arises.

**ACTIVITIES**

There are numerous activities available for student participation throughout the school year. It must be clearly understood that participation in these activities is a privilege, not a right, and with privileges come certain responsibilities. Williston Public School District #1 is a member of the North Dakota High School Activities Association and is bound by their rules. The Williston School Board has in its power the right to establish rules in excess of NDHSAA rules for the best interests of the school program.

**ELIGIBILITY:** Eligibility for all students involved in extra-curricular activities will be determined using the following criteria:

a. The first two weeks at the start of each semester will be considered a grace period for eligibility. Grades will be checked after the first two full weeks of each Semester.

b. Students with failing grades will be identified and checked on a weekly basis to ensure their eligibility.

c. Students who are ineligible will be notified on Wednesday of each week. One week of ineligibility is from Thursday through Wednesday.

A failing grade is defined as receiving an F or lower in any curricular course as computed from the beginning of the semester for regular education students or, in the case of special education students, not meeting the goals of Individual Education Programs as assessed from the beginning of the semester.

Generally, in addition to boys’ and girls’ athletics and cheerleading, there are activities in vocal music, instrumental music, publications, service groups, student government and academic competitions. Students are advised to listen and watch for announcements throughout the school year. Announcements will indicate when activities begin, criteria for joining, dates and items of tryouts/auditions/practices and rehearsals, and any other pertinent information.

Guidelines have been established for extra-curricular activities. Students and parents will be expected to read and sign an agreement stating that they know and will abide by the rules set down in these guidelines. Each activity may also have rules or a constitution of its own in addition to the rules mentioned above.

Student athletes participating in NDHSAA sanctioned sports programs will be required to file a pre-participation health history screening and physical examination with their school office prior to their participation (including practice) on a yearly basis. These forms can be picked up at the Middle School Office.

**EXTRA CURRICULAR PARTICIPATION/ATTENDANCE PROCEDURES**

**THESE PROCEDURES ARE IN FORCE TWELVE MONTHS PER YEAR**

Any student who is in violation of the code of conduct shall be suspended from participation in, or attendance at interscholastic contests or activities for a period of time up to six weeks for the first offense, and up to eighteen weeks for any subsequent offenses, at the sole discretion of the Principal. This policy is in effect for the entire school year (and summer).

I. **ADMINISTRATION OF RULE:**

Definition of School Year: A school year ends on the last day of the school year. A new year shall begin on the first day of fall activities.

1. It is the responsibility of the student and/or parent to immediately notify the school (Activity Director, principal or assistant principal) in writing via United States Postal Service or similar parcel or mailing agency, of the violation of the aforementioned rule(s). Upon the day of receipt of this officially mailed and receipted letter of the violation, the period of suspension from activities will begin (6 or 18 weeks). In the event that the violation occurs during the summer non-school months, any penalty assessed will begin on the first day of school for students, unless the violator is an active participant in a fall activity, upon which time the suspension shall begin on the first day of practice. Should the violation occur near the end of the school year, and the suspension cannot be served in total prior to the end of the current school year, the remainder of the suspension must be served at the start of the first day of official attendance of students in the next school year, unless the violator is an active participant in a fall activity, upon which time the suspension shall begin on the first day of practice for the fall sport.
2. In the event that a possible violation is reported to school authorities by a representative of law enforcement or a school coach and the student/parents have not apprised the school authorities by written correspondence of the violation, the following procedure will be utilized.

3. The student and their parent will be sent a written notification of the alleged violation. The notice will contain the allegations, the potential punishment, as well as an outline of the procedure to be utilized in the event the student denies the violation.

4. The student and parents will be required to attend any meeting regarding allegations of violation of the code of conduct, or NDHSAA policy. Failure to attend may be deemed an admission that a violation did occur.

5. If student admits the violation, the Activity Director, Principal or assistant principal will immediately institute the required penalty. The principal shall immediately notify the parents in writing of the official action. The suspension begins as of the date of the admission.

6. If the student does not admit guilt, the school shall set a hearing time, place and date to include:
   a. The Accuser
   b. Student
   c. Parents
   d. Other representatives the student wants present
   e. Activities Director
   f. One of the student’s coach’s/activity instructors
   g. Principal
   h. Assistant Principal (Administrative team)

7. No public activity participation or attendance at a school activity will be permitted until the guilt or innocence is determined by the hearing or by the courts if that course of action is requested by the student/parent (NDHSAA Rule, Article 13, Section 12.)

8. The Activity Director, with the advice and recommendation of the Principal, Assistant Principal, and Coach/Activities Instructor, will determine whether the student committed the alleged violation.

9. The Principal or Activity Director will inform the student and parents of the decision within three school days of the hearing. If the decision is that a violation has occurred, the suspension will begin as of this date of the notice to that effect, mailed to the parents and student.

10. During the six/eighteen-week suspension the individual will not travel with any activity or team nor be present or on the bench or sideline during any contest.

II. EXTRA CURRICULAR ELIGIBILITY:

1. Suspensions are six weeks long for the first violation and eighteen weeks for each subsequent violation. All students who are under suspension will not be allowed presence at any school activities which are held after normal school hours or days.

2. The Williston School District also requires that no student may participate in a contest or other activity function if he or she is failing more than one class as computed from the beginning of the semester or school year for yearlong classes. Students who are academically ineligible will not be allowed to dress, participate, be part of the bench, or to travel to away events during their time of ineligibility.

III. ALCOHOL, ILLICIT DRUG, AND SMOKING REHABILITATION:

(This policy is accumulative over the entire school year.)
1. For an alcohol or drug offense, attendance at a school-approved drug awareness class is required. For smoking or chewing tobacco, attendance at a school-approved smoking cessation program is required. Rehabilitation/attendance at a licensed addiction center program and successful completion of the same will substitute as the requirement to attend the drug awareness or smoking cessation class before re-entry into any school activity (as long as the 6/18 suspension period has been served).

IV. CODE OF CONDUCT:

1. All extracurricular activities participants or attendees will be covered by a Code of Conduct.

2. Any student involved in theft, assault, significant classroom conduct/disruption or damage to school property or is referred to juvenile or adult authorities for theft, assault, significant classroom conduct/disruption or damage to property shall be subject to up to a six- or eighteen-week suspension at the sole discretion of the Principal.

3. In addition, all student participants or attendees of an activity will adhere to the “Code of Conduct and Sportsmanship.” The code will be clearly printed in each student handbook and failure to adhere to the expectations of the code will result in up to a six- or eighteen-week suspension from attendance or participation in extra-curricular activities, or those held beyond normal daily school hours at the sole discretion of the Principal.

As part of the activities policy, each participant is required to sit out a minimum number of events if found to be in violation of the alcohol/tobacco/drug or code of conduct portion of this policy.

STUDENT BEHAVIOR AT ATHLETIC EVENTS:
We wish to call your attention to the following policies in regard to student conduct at ball games. We ask for your consideration of those policies so we do not mar the reputation of our school and community by our actions at ball games or any other student-centered events, whether it is here in Williston or at another location. The Williston Middle School, the participating organization, and community are judged by the conduct of everyone who attends or participates in the event. Please remember the following when you go to athletic events:

1. Be a good fan. Sit down and watch the game.
2. Never boo officials, other teams or players. Referees do the best job possible and know the rules better than most spectators. They have studied for and passed a test, which entitles them to referee. Please respect their judgment. Some adults may boo at times. Do not follow their example.
3. Desire to win, but to win fairly.
4. Always back our team – win or lose.
5. Never jeer or make fun of the other team, or a member of our team.
6. Do not throw things at anyone, on the playing field or in or outside the school building.
7. Stay in your place and watch the game. Do not run back and forth, or in and out, while the game is in progress.
8. Do not scuffle, wrestle or play anywhere in the building, outside on school grounds, or on the playing field.
9. Always follow the yell with the cheerleaders. Do not cheer against them.
10. Always be courteous to your team, your fellow fans and the cheerleaders of both teams.
11. Be quiet when either team is attempting free throws.
12. Face the flag and stand at attention during the National Anthem.
13. Do not hang around the gym after the game is over.
14. Students should not be on the floor with street shoes at any time.

Any student attending an extracurricular event and acting in an inappropriate manner will be subject to disciplinary action.
N.D.H.S.A.A. CHEMICAL RULE: "The use or possession of tobacco, alcohol, non-prescription anabolic steroids, inhalants or any controlled substance as defined by North Dakota Law is prohibited. Any extra-curricular participant who is in violation of the foregoing shall be suspended from participation in interscholastic contests or activities for a minimum period of six consecutive school weeks from the first offense and a period of eighteen consecutive school weeks for any subsequent offense."

A hearing with the student (parents may be present) will be conducted. Student rights and due process will be explained with all options available to them discussed. If a student is found guilty of the reported infraction, a 6- or 18-week suspension will be implemented. During the suspension, no travel with the team or presence on the sideline or bench will be permitted. Should the student not be involved in an extracurricular activity at the time of the infraction, they will be required to sit out a specific number of events as stated in the policy.

The possession or use of alcoholic beverages, tobacco, or drugs on the school premises is prohibited. The use, or suspected use, of alcohol or drugs will result in a suspension/expulsion and other action as prescribed by school officials. School policy states that a student in violation of drugs and alcohol must undergo a chemical dependency evaluation at NWHSC, Mercy Hospital or recognized addiction-counseling service. The cost of the evaluation is the student’s responsibility. Arrangements must be made prior to being readmitted to class.

ATHLETICS:

ELIGIBILITY: Each student must meet all requirements of the North Dakota School Athletic Association, pass a physical exam given by a licensed physician during each year of attendance and maintain passing grades for each grading period, for the present and preceding semesters. Failure to do so may result in loss of participation (“benched”). Each student must meet all school requirements as they pertain to conduct, attendance, etc.

FEES: A $25 fee is required for participation in all extracurricular activities, per activity, at Williston Middle School. These fees can be paid at the WMS office. WHS Sports require a $55 fee.

All students are encouraged to purchase Activity Passes for the 2019-2020 school year. This will allow students to attend all school games and activities for Middle School and High School events. The cost of this Pass is $15.

EXTRA CURRICULAR CLUBS and ACTIVITIES:

ELIGIBILITY: All students are encouraged to be involved in activities at WMS. These activities make school not only enjoyable but also fine-tune your talents and strengths for future involvement.

OFFERINGS: The following clubs or activities are available: Art Club, Science Club, Coyote Choir; Jazz Band, Student Council, SADD (Students Against Destructive Decisions). Other clubs can be provided if there is student interest and an adult sponsor (e.g. chess, ping pong, skateboard, etc.).
ADDITIONAL PARENT INFORMATION

ALERT SOLUTIONS: Alert Solutions is Williston Public School District’s rapid notification service. Alert Solutions provides all parents the opportunity to receive school news quickly and effectively via voice calls, email messages or SMS messages. Alert Solutions messages will be sent to notify parents of school closings and parent meetings.

WMS ALTERNATIVE CLASSROOM:
Goal
The WMS Alt-Ed classroom’s goal is to be successful in the classroom by passing all classes.

Guidelines
Students will have:

- 4 periods of core classes: Language Arts, Math, History & Earth Science
- 1 period of Study skills/Social Skills
- 1 period of Health/Physical Education
- 1 period of Resource/Study Hall
- Students will have a normal lunchtime with all WMS students

Students will be working on their academic levels through Accellus or our Middle School Language Arts/Math interventions classes.

How to Exit the Alt Ed Program
Students will show success in all subjects for the minimum of 1 quarter.

CHOICES AND SUPPORT PROGRAM: With Response to Intervention (RTI) at the beginning stages it is important to recognize our Choices Program as an intervention program for behavior of RTI-B. It was established for those students who for whatever reason at that moment “choose” not to do their academic work in the classroom and/or have behavioral issues that prevent them or others from their learning.

Over the past several years the Choice’s Program has evolved into more than behavior intervention. Choices would now more appropriately be called Choices and Support Program. We are providing academic support or RTI-A for many students who need a temporary alternative learning solution for tutoring or support.

In addition, the Choices’ program has been the hub for family/home issues and utilized by the counselor for clothing, food, school supplies and other “necessities” to support learning at WMS. Also, the Choices Coordinator has also served as our Parent Liaison, an important role for our school goals and activities. And finally, the Choices Coordinator has been in charge of many of our “fund” (not only monetary) raising efforts out in the community.

DROP OFF/PICKUP: Vehicles are to enter ONLY at the west end of the drive to drop off students. Visitor parking is available in front of the WMS office. The Staff Parking area is NOT a drive-thru. Some employees need to leave to pick up their children from other schools.
EDUCATION OF PREGNANT AND PARENTING STUDENTS:

Pregnant and parenting students shall be entitled to all protections contained in the district’s nondiscrimination and anti-harassment policy and should report any violations of these protections using the district’s discrimination and harassment grievance procedure. These students shall be allowed to participate in all school programs and activities on the same basis as any other student enrolled in Williston Public Schools.

Attendance Standards for Pregnancy and Post-Pregnancy Conditions:

Absences due to pregnancy and post-pregnancy related conditions shall be excused and approved so long as the student and/or her parent/guardian complies with any district documentation requirements associated with the absence as stated in the attendance policy. Documentation requirements for pregnancy and post-pregnancy related absences shall be no more stringent than documentation requirements the District has instituted for student absences due to illness.

Students shall not be disciplined or their status as a student otherwise demoted due to absences resulting from pregnancy or a post-pregnancy condition. Furthermore, students absent due pregnancy/a post-pregnancy condition shall not be barred from participating in district programs and activities except when absences result in ineligibility to participate in activities covered under North Dakota High School Activities Association bylaws. Students will be given a reasonable time to make up missed work or participate in a credit recovery program. Failure by the student to complete any make up work requirements or credit recovery program(s) may result in a demotion in grades, retention, extracurricular ineligibility, or other appropriate recourse as determined by district administration in accordance with applicable district policy.

Accommodations for Pregnant Students:

The District shall provide reasonable accommodations to pregnant students and students recovering from pregnancy upon request by the student, her parent/guardian or her medical provider.

Alternative Curricular Participation:

The District shall encourage pregnant and parenting students to remain enrolled in the regular school program; however, the District will provide educational options to those students who are unable or who elect not to remain in their regular schools. Those options may include homebound tutoring, an alternative day school program, and/or attendance at adult evening classes. Pregnant and parenting students electing one of these options shall be permitted reenter the regular education program upon request. If a request to re-enroll is made near the end a semester, the District may elect to re-enroll the student in the regular education program at the beginning of the subsequent semester.

Medical Documentation Requests and Participation in Physical Activities:

Pregnant students involved in programs involving physical activity will be required to provide medical documentation certifying fitness for participation only on the same basis as the District requires such documentation from other students. Any medical documentation required for a pregnant student to participate in physical activities shall be no more stringent than when medical documentation is required to be provided by any other student as a condition of participation in physical activities.

Disclosure: If a student discloses her pregnancy status to a district employee, the employee will refer the student to a school counselor. The school counselor shall encourage the student to inform her parent(s)/guardian of the pregnancy if such advice is in the best safety interest of the student.

INSURANCE: The Williston Public School District #1 does not have special accident insurance coverage for students. It is suggested that each family/student contact their personal insurance agent/broker to determine their individual needs for accident insurance coverage.
**LAW ENFORCEMENT AGENCIES:** Law enforcement officials may be summoned to conduct an investigation of alleged criminal conduct when necessary to prevent injury to persons or property. The drug dog will be periodically brought onto the school premises to check lockers, etc.

**NEW STUDENT SCREENING:** All students new to the district will be screened in reading and math to determine the appropriate placement into the reading and math programs/intervention necessary for each student to increase their academic achievement.

**PARENT ADVISORY COUNCIL (PAC):** The PAC is an advisory body to the Superintendent. The PAC identifies, studies, and makes recommendations in the areas identified. The PAC addresses issues brought to its attention by staff members, the principals, teacher representatives, and parent representatives. These are public meetings and everyone is welcome to attend. If you are interested in serving on the council, please contact the Superintendent at 701-572-1580. For more information go to the Parent Advisory Council link on the school district website: [http://www.willistonschools.org](http://www.willistonschools.org).

**RESIDENCY REQUIREMENTS:** Only students who reside within the boundaries of Williston Public School District #1 may attend Williston Schools. Some exceptions may apply. Please contact the District Office at 701-572-1580 for more information.

If your address changes during the school year, please notify the school office immediately. Families who move out of the district during the school year may complete the current school year in Williston Public Schools, but may need to attend school in the new resident district the following year.

**RESPONSE to INTERVENTION A & B (RTI-A, RTI-B):** Williston Middle School is a Response to Intervention (RTI) School (both Academically (A) and Behaviorally (B). RTI is a general education framework that involves research-based instruction and interventions, regular monitoring of student progress and the subsequent use of this data over time to make educational decisions. This means we are teaching our expectations both A and B to the students. We will support this process through positive feedback, Coyote Bucks, Honor Cards and “PRIDE” Assemblies.

**RESTRAINT and SECLUSION:** The Williston School District prohibits district employees, contractors, volunteers and other individuals serving or working in any capacity for the District from use of any form of restrain and/or seclusion on students except when the following conditions are met and then only in compliance with policy: An emergency situation necessitates the use of physical restraint or seclusion to control violent, disturbed or depressed behavior which may immediately result, or has resulted, in harm to that person or other person or to control behavior that has or may immediately result in extreme or extension damage to property. Restraint or seclusion may also be used when authorized by a parent-approved plan such as, but not limited to, BIP, EIP or 504 plan.

**USE OF ANIMALS IN DISTRICT SCHOOLS & IN CURRICULAR PROGRAMS**

The Williston School Board believes there are medical and physical dangers associated with allowing interaction with and/or use of animals in the educational program and in district schools. The Board, however, also recognizes that animals may be an effective teaching aid and/or their presence may be required to reasonably accommodate students and staff with disabilities.

**Definitions**

For purposes of this policy:

- **Disability** is defined in 28 CFR Part 35.108 with respect to an individual, as a physical or mental impairment that substantially limits one or more of the major life activities of such individual; a record of such an impairment; or being regarded as having such an impairment.

- **Service animal** is defined in NDCC 25-13-01.1 as any guide dog, signal dog, or other animal trained to do work, perform tasks, or provide assistance for the benefit of an
individual with a disability. The term includes an animal trained to provide assistance or protection services to an individual with a disability, pull a wheelchair, lend balance support, retrieve dropped objects or provide assistance in a medical crisis.

- **School property** means all land within the perimeter of the school site and all school buildings, structures, facilities, and school vehicles, whether owned or leased by a school district, and the site of any school-sponsored event or activity.

### Use of Animals for Educational Purposes

Before a teacher may use an animal as part of the educational program or participate in an activity involving animals (e.g., a field trip) the teacher must submit a request to the building principal in accordance with administrative regulations. The principal shall consider such requests on a case-by-case basis based upon criteria established by the Superintendent.

### Use of Service Animals by the Disabled

A qualified individual with a disability may be granted use of a service animal on school property, provided the work or tasks performed by the service animal are directly related to the individual’s disability. The Superintendent shall make such determinations on a case-by-case basis based on the following criteria. Would the presence of the service animal:

1. Impose an undue financial or administrative burden on the District;
2. Require a fundamental alteration to the educational program;
3. Impact legally protectable rights of others. A disabled student’s parent may be given the option of changing the student’s educational placement if alternative placement will remedy the infringement of other’s rights.

The individual with a disability or designated handler is responsible for the proper care and supervision of the service animal while on school property.

### Revocation of Animal Use

The decision to allow any type of animal in school may be revoked if:

1. The animal poses a direct health and/or safety threat to others;
2. The animal is not properly controlled;
3. The animal’s presence has fundamentally altered an educational program or activity.

The District may offer alternatives to using a service animal (such as employing an aide), provided the alternatives meet the student’s needs.

### Animal Related Injuries

The principal and parent/guardian (if a student is involved) must be notified as soon as possible if an animal bites an individual on school property or during a school-sponsored activity or if an animal-related incident occurs on school property or during a school-sponsored activity that could have an adverse effect on an individual’s physical or emotional health. An accident report must be filed with the principal in accordance with district policy and regulations (ACAC).
